4th Monday 7:00 pm

Fire Department
1st Monday each
month, 7 pm.

Planning Comm
4th Tuesday, 6 pm

What's New? Public Works buildings have had renovations and paint! No more faded buildings, a great improvement for the City. The buildings that were painted are the PW building on State Avenue (next to MN Inboard), and the building located on Broadway Street E (south side of street). The City Hall is undergoing new windows in the upper level, big beautiful windows, restoring back to the original size! The Baseball Park has undergone significant improvements in the grandstands, and the FD made several improvements in the concession stand at Lindstrom Park! It has been a year of improvements in our great city! Look for photos on Social Media. Next year the New Germany Fire Department will be celebrating 125 years!! There will be festivities in the city!

Oktoberfest—Weekend of October 17-18, 2025, location is across from T-Road, by the city sign, music, food, beverages, call T-Road or Fat Boyz for more information.

SANTA: Commercial Club is sponsoring Breakfast with Santa on December 6, 2025, from 8 AM—11 AM. My favorite event that is sponsored by the Commercial Club! The smiles on the kids faces, are priceless!

RECYCLE: Please note the hours of operation for the Recycling Drop-off center located just west of Mayer. April through November: Wed 5-8 and Sat 8am to noon. December through March: Saturdays 8am to noon. This is where you make drop your Christmas Tree off.

Community News—City Office will be closed on the following Holidays; October 13, Columbus Day, November 11, Veterans Day, and November 27, Thanksgiving.

- St Mark's Community Dinner dates at the Fellowship Center located at 211 Adams Avenue, NG; Menu, October 16-Tacos & Nachos with all the fixings, November 20 Spaghetti & Chicken Alfredo, December 18th Chili & Chicken Wild Rice Soup. Meals are served from 5:30—7 pm. This meal is open to anyone.
- St Mark Boutique is November 2nd from 10 AM—2 PM., lunch available, St Mark's Fellowship Center is the location.
- Reminder—campers, boats, trailers are to be parked on a rock, cement, and or impervious material, not on grass or streets. Please call or look online for the full ordinance.

BINGO Mark your calendar for Tuesday Nov. 25, 2025 for Bingo hosted by American Legion Post #601. Burgers & Beverages will be served for a small fee, starting at 6:30 PM. There will be prizes, turkeys, hams, sausages & a turkey for the door prize. The Bingo fun starts at 7PM at City Hall!

posted on the Office door.

New Germany Fire Department is in need of Fire Fighters! If you would like to serve the community and be part of a great organization please call Fire Chief Ryan Goede 612-750-3016. If you are interested in a CPR class please let the Fire Chief know or call City Office.

WINTER & SNOWFALL PARKING RULES

Parking—No Parking on City Streets between 2am & 7am beginning Nov. 1 thru March 31

Snowfall Parking Rules—No Parking on city streets following a snowfall of 1" or more.

Penalty—If your car is parked illegally during snow plowing, the Sheriffs Dept. will be called and you will receive a ticket.

Sidewalks—It is your responsibility to keep your sidewalk free from snow & ice.

Only Rain Down the Drain

Carver County Water Management Org. Water Column

Two types of water leave your home. One is waste water, which is water that goes down drains in sinks, toilets, and showers. Waste water gets treated at wastewater treatment facilities. Trash, bacteria and other pollutants are removed, and the water is purified and released. The second type of water that leaves your home is stormwater runoff. Runoff is rain that's fallen on rooftops, driveways, and sidewalks. It can't soak into the ground, so it *runs off* the surface. Runoff does NOT get treated. Instead, it flows to the nearest storm drain.

Storm drains typically drain to a nearby lake, river, or stormwater pond.

To protect lakes and rivers from pollutants, we must also protect these storm drains. It's very important that *only rain goes down the drain*. It is illegal to dump anything else down these storm drains. Any pollutants dumped down the drain pollute lakes and rivers and risk harm to public health and wildlife. The following actions protect lakes and rivers.

Fall is a particularly important time for protecting storm drains. Leaves, grass clippings and debris that builds up along curbs and storm drains all contain phosphorus. Too much phosphorus in a lake causes algae blooms and reduces oxygen in the water. Leaves and grass clippings that get into lakes and rivers via storm drains add to next year's summer algae blooms. Multiple lakes in Carver County frequently have algae blooms during summer. Just one-yard waste bag of leaves has enough phosphorus to create 100 lbs. of algae in water.

This fall season, as you prep your yard, home and garage for winter. Take these actions to protect storm drains and so protect your lakes and rivers. Take used oil, unwanted chemicals and other household hazardous wastes to the Carver County Environmental Center or special waste drop off.

Sweep your garage and place debris in trash, instead of hosing it down. De-chlorinate your pool water before draining. Chlorine is not good for wildlife.

Remove leaves, grass clippings from driveways, curbs, sidewalks and storm drains, bag them and take to a compost facility. Don't dump anything down storm drains.
