City News—New Germany presented to the Capital Investment Committee on October 23, 2025 at the City of Cologne for the need of a bonding bill for the wastewater capacity issue. The City has done this in the past, lets hope the State of MN can pass a bonding bill for 2026. As of now the city cannot allow any additional new homes to be constructed until the wastewater capacity issue is resolved. I encourage writing to our Representative Glenn Gruenhagen. I am hopeful for 2026 to be New Germany's year!

Lots going on around the city! The 2 Public Works buildings went through a rehab; they are now painted gray and white, and have received repairs, what an improvement! The City Hall is undergoing a rehab as well, paint and new large windows! If you have any rental needs it will be a great place to hold your venue after the rehab, photos to come on the city website. It is great to see these improvements in the city. The windows on the west side are to be completed by November 7th, stop in and take a look.

Parks—Bubba's Park will soon be missing 6 diseased trees, this should take place on November 4th & 5th.
